Discussion questions

- What do you think are the benefits for local people / local communities of bringing services together outside of hospital?
- What are some of the key concerns affecting local people and
 - how could this way of working help these?
- What's currently working well in your experience of healthcare that we could build on and incorporate in to the networks?
- Which local third sector organisations or community groups support you and what role could they have?
- Are there any other groups or services that haven't been mentioned you think should be involved?
